RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the restriction requirement of September 3, 2003, Applicants elect Group I, claims 12-15 drawn to a method of treating sexual function disorders by administration of a growth hormone or combinations with a growth hormone. This election is made with traverse.

As the Examiner recognizes, the method claims and all of the pending claims are the same. The variety in active ingredient is not to the extent that requires extensive further examination. In fact these very ingredients are part of the dependent claims in combination therapy with a growth hormone.

Should the restriction requirement be made final, Applicants reserve the right to file divisional applications on the non-elected subject matter.

Prosecution on the merits is earnestly solicited.

Respectfully submitted,
